## TO OUR FRIENDS AND PATRONS

---

ONCE again we present to you our catalogue of choice bulbs for 1935 and in so doing extend to you the compliments of the season.

It was our good fortune the past summer to have the privilege of growing the Gladiolus used in the decorations of the Garden City Hotel, Garden City, L. I., during the week of the Convention of the National Association of Gardeners.

A score or more varieties were used in the table and other decorations. You will find them all listed here and marked with an asterisk (\*). They were not specially grown for the occasion but cut just as they ran in our field. We have had an unusually good growing season this past summer which accounted for the tall spikes and large number of blooms open at once. Our crop of young, healthy bulbs just harvested cannot be improved upon.

The several illustrations used in this catalogue do not do justice to the actual blooms. However, you will find all varieties truthfully described. If you will tell us your requirements we will be pleased to guide you accordingly as we believe we know bulbs and the type of bulbs necessary to produce choice blooms. The quality of our merchandise and the moderate prices leave nothing to be desired.

May we have the opportunity of serving you?

CHARLES G. GILLMAN.

## CARE AND CULTURE OF GLADIOLUS

Bulbs should be planted when the trees of your native vicinity begin to unfold their leaves and when danger of frost is past. Plant in beds, borders or rows. A sunny location away from heavy roots and trees is most desirable. A sandy loam is best, though any good garden soil will do, providing it is given proper care. Fertilize with well rotted manure in the fall. Plant 3 to 5 inches deep according to size of bulbs and in rows 18 to 20 inches apart. After the foliage has attained a height of 8 to 10 inches sprinkle a little commercial fertilizer close to the plants and work it into the soil. This should be applied at intervals of 12 to 14 days to insure good exhibition blooms.

## WHAT VARIETIES TO GROW

Good standard Commercials and the best of the newer Glads. We recommend that you make your selections from the Symposium of the American Gladiolus Society, which is published each year. Of the fifty leading Glads in the last Symposium we are listing forty. Naturally, this means that through our many years of experience in commercial growing, we have selected only the best.

Many of our customers ask our opinion as to what varieties to grow. In our list we are naming twenty-five of the most popular ones and do not include introductions of the past two years, as there has not been sufficient time to prove their merit. Varieties as follows: Minuet, Mr. W. H. Phipps, Picardy, Pf. Triumph, Pelegrina, Betty Nuthall, Marmora, Commander Koehl, Golden Dream, Veilhenblau, Mrs. P. W. Sisson, Mammoth White, Albatros, Coryphee, Aflame, Beat All, Chas. Dickens, Aida, Rita Beck, Mrs. V. Konynenburg and Jonk. van Tets, Apricot Glow, Sun God, Gold Eagle, La Paloma.

## ABOUT THRIPS

The thrip menace has been considerably relieved this past season. Many people whose Glads were a complete failure two years ago have had no trouble this past season. Many of them did nothing but disinfect their bulbs before planting. Others both disinfected and sprayed. All bulbs should be disinfected before planting so that you will be absolutely sure in your own mind that the thrip do not come on the bulbs. If you do this you can't blame your bulb dealer. Of course, thrip can come from outside sources and because of this I would urge everyone to be on the lookout for them, I thoroughly believe that if we give as much attention to our Glads as to other flowers that we will not have any trouble with thrip.

We enclose with all orders a copy of the formula we use to control this pest.

## GLADIOLUS

### NEW AND STANDARD VARIETIES

#### SALMON PINK

**ANGEL'S DREAM\***—As the name would imply, it is a dream of beauty. Color similar to W. H. Phipps. Tall spikes, eight to ten blossoms open at a time. We believe this variety is hard to beat when well grown. Do not feed too heavily.

**\$8.00 per 100**

**BARON VAN WYNBERGEN**—Clear, vivid pink blossoms, exceptionally large. A most meritorious novelty; strong, healthy grower.

**\$12.00 per 100**

**BEAT ALL\***—A brand new one from Holland. Large satiny rose with salmon shade, tall grower; many blooms open. We highly recommend this variety.

**\$12.00 per 100**

**INSPIRATION**—Here is another from our Canadian friends, color deep shrimp pink throat lightly marked with creamy pink, bloom form unusual and very fine, the petals being waved, fluted and semi-lacinated, giving a very distinctive effect.

**\$20.00 per 100**

**IWA**—An exceptional variety, very tall grower. Beautiful salmon with red blotch. From five to seven flowers open at once.

**\$5.00 per 100**

**MARIETTA**—Large geranium pink, tall grower; an exhibition variety.

**\$5.00 per 100**

**MILDRED LOUISE**—Truly one of the most outstanding newer varieties. The color, a warm salmon pink is delightful. Large flowers well placed on a tall spike.

**\$25.00 per 100**

**MRS. LEON DOUGLAS**—Salmon pink striped with scarlet. One of the showiest, largest and tallest Glads in existence; enough said.

**\$5.00 per 100**

**MR. W. H. PHIPPS\***—Here is the real wonder Glad; beautiful salmon pink; as many as 20 flowers open at once. A real masterpiece; you cannot have too many. Our stock of this variety cannot be beaten.

**\$5.00 per 100**

**VERSAILLES**—Deep pink, with beautiful velvety maroon blotch. Flowers 5 to 6 inches in diameter and well placed; spikes five feet tall. This is the finest blotched variety to date. Why not try a few? An exhibition variety we are sure you will like.

**\$15.00 per 100**

#### PURE PINK

**GIANT NYMPH**—Very large light pink. Tall and vigorous grower. Reliable under any condition; hard to beat.

**\$4.00 per 100**

**PEARL OF CALIFORNIA**—Large La France pink, many flowers open. Tall straight spikes with massive flower heads. A real show variety; you will want a lot of this one.

**\$8.00 per 100**

#### LIGHT PINK

**CORYPHEE**—Very beautiful light shell pink, color resembles an Ophelia rose. A recent introduction from Europe that has become very popular. Flowers perfectly placed. (See color plate inside of cover.)

**\$10.00 per 100**

**FATA MORGANA**—A peach blossom pink with amber throat, large blooms well placed on a tall stem.

**\$10.00 per 100**

**MRS. P. W. SISSONS**—Creamy light pink, large flowers. An outstanding variety that we consider very fine. **\$5.00 per 100**

**RITA BECK**—Clear shell pink, with 6 to 8 blossoms open at once. Tall, straight stem that stands up well in spite of the large flowers. An exhibition variety and very early bloomer. **\$8.00 per 100**

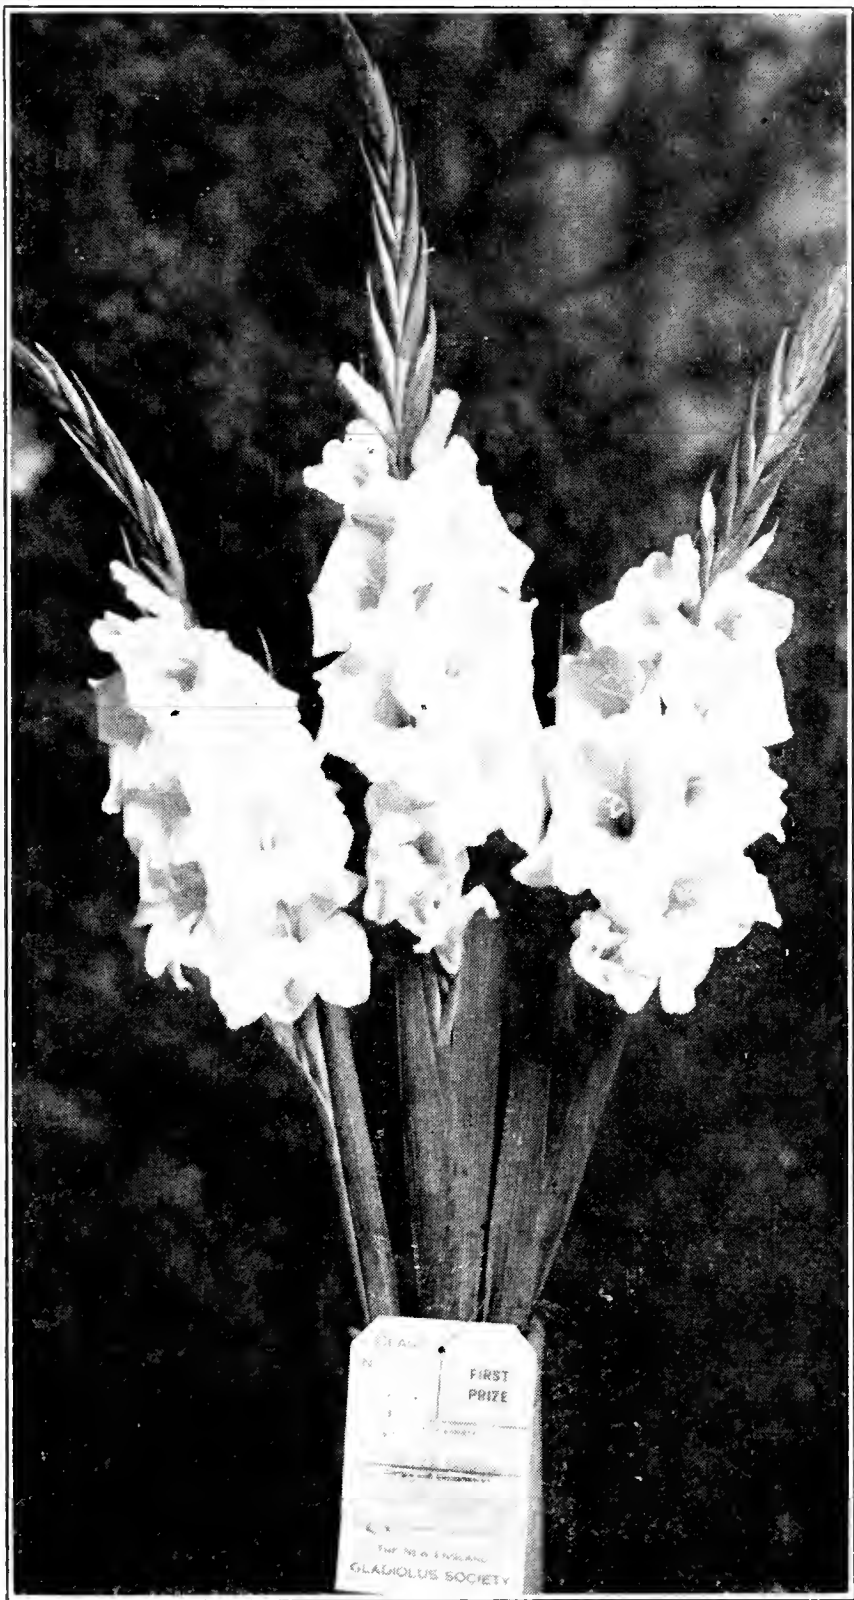

**SALBACH'S PINK**—Light pink. Tall spike, with 6 to 8 well placed blossoms open at once. A real show variety. **\$10.00 per 100**

**YVONNE**

**YVONNE\***—Immense flowers, often measuring 6 inches across. Color, blush pink, with small magenta blotch deep in throat, which adds rather than detracts from its beauty. Flowers wonderfully placed; grows 5 feet tall. This Gladiolus was considered one of the best twelve flowering varieties exhibited at the British Gladiolus Show, held in Southport, England. We cannot recommend this glad too highly for either greenhouse or for planting in cold frames. Does extra well when planted early. See illustration as it grows in the field; note the size, perfect blossoms and straight stems. **\$8.00 per 100**

MAMMOTH WHITE

## PURPLE

**CHARLES DICKENS**—Tall pure deep purple. Fine for decorative work. Always grows straight. **\$6.00 per 100**

**PURPLE GLORY**—Deep velvety maroon, heavily ruffled, tall grower. An extra fine variety. **\$4.00 per 100**

**RAMESSES\***—An exceptionally tall growing plant with immense maroon purple blossoms, heavily waved and ruffled. Entirely different from anything else. An extra fine variety well worth growing. **\$20.00 per 100**

## LAVENDER

**MINUET\***—A variety with character. This is the lavender by which all other lavenders are judged. Personally I consider this the finest light lavender in existence and the only one worth growing. **\$6.00 per 100**

## WHITE

**ALBATROS\***—Large pure white, flowers five inches in diameter. Spikes average five feet tall, one of the best whites in existence. **\$10.00 per 100**

**JONKHEER VAN TETS**—Call this J. Van Tets for short. Immense pure white shade without blotches or throatmarkings, broad well formed petals. One of those really large, tall good whites we have been looking for. **\$12.00 per 100**

**MAID OF ORLEANS**—Coming to the front as one of the best whites. Large flowers, consistently good spikes, placement and a beautiful color are among the merits of this variety. **\$17.50 per 100**

**MAMMOTH WHITE\***—About the largest pure white Gladiolus in existence. Broad rounded petals, nicely placed blooms, fine stems, tall grower. Illustration shows the three prize winning spikes. Note the immense size of the flower head. **\$12.00 per 100**

## CREAM OR BUFF

**BELINDE**—Large creamy yellow, almost pure color; large open flowers. **\$6.00 per 100**

**DUNA**—Soft, light pinky buff, fading to naphthaline yellow at base of lip petals; backs of petals being saffron pink. General color effect decidedly new and pretty and attracts a lot of attention. **\$50.00 per 100**

## DARK BLUE

**AIDA\***—Very deep blue. The nearest to a real dark blue of any variety on the market. Tall grower, and very early. A winner of many awards. **\$7.00 per 100**

**PELEGRINA**—Early, large deep blue, six or more well placed blossoms open with as many more showing color. The best dark blue to date, it is both bluer and darker than Aida. Will become very popular. **\$20.00 per 100**

## LIGHT BLUE

**AVE MARIA\***—The never disappointing light blue variety with seven to eight blooms open at the same time with almost perfect spike; needs no advertising. We strongly recommend this Gladiolus to everyone. **\$10.00 per 100**

**BLUE DANUBE**—Wonderful pure amethyst-blue novelty with splendid dark blotch, making a very pleasing harmony in colors. The six to eight big open flowers are gracefully arranged on the stem and form a nice tall well formed spike.

\$12.00 per 100

**MRS. VAN KONYNENBERG\***—Probably as near blue as any. The spikes are tall and slender although the flowers are not always perfectly arranged.

\$5.00 per 100

## YELLOW

**GOLD CUP**—Clear deep yellow. Deeper than Golden Dream; also larger. Flowers well placed; a new comer in the yellow class.

\$50.00 per 100

**GOLDEN DREAM**—Clear deep yellow. Tall grower, flowers not quite as large as others.

\$5.00 per 100

**RUFFLED GOLD**—Tall, ruffled, sulphur yellow, 6 to 8 blossoms open at one time. A beautiful Glad.

\$5.00 per 100

**SUN GOD\***—Here is a new one from Holland that is capable of growing very tall and is designed to become a leader among yellows. Perfectly placed wax-like blossoms of clear lemon yellow arranged on a straight stem, very early bloomer, can be grown to perfection in a greenhouse. We are in a position to release this stock at a very attractive price.

\$12.00 per 100

## ORANGE

**BETTY NUTHALL**—Light coral, pale orange throat, feathered carmine. Tall straight magnificent spike.

\$7.00 per 100

**NANCY HANKS**—Apricot shading to orange pink, several large well placed blossoms open at once. Very distinctive.

\$5.00 per 100

**ORANGE WONDER**—A true orange. Tall, straight spike; blossoms always perfectly placed. A Glad you should really have.

\$8.00 per 100

## SCARLET

**DR. BENNETT**—Often called "The House Afire" red. Blooms large, well placed on a fine stem.

\$5.00 per 100

**PFITZER'S TRIUMPH**—Immense orange scarlet, fine exhibition variety. When well grown it is a masterpiece.

\$5.00 per 100

**PIRATE**—A most beautiful rose red. Particularly beautiful under artificial light; 5 to 6 immense blossoms open at one time well placed on a tall spike.

\$20.00 per 100

**WURTEMBERGIA**—A dazzling red with a white throat; large wide open blossoms, tall, straight grower. When in bloom can be seen from a great distance.

\$25.00 per 100

## RED

**COMMANDER KOEHL\***—Best red of them all. Flowers often measuring six inches in diameter, perfectly placed on a five-foot stem. The substance of this flower is almost leather like. It will take a lot to beat this Gladiolus. Certainly worth while growing.

\$10.00 per 100

**CRIMSON GLOW**—Large dark crimson flowers well placed, tall straight spike, still one of the best. **\$4.00 per 100**

**MOORISH KING**—Very dark velvet mahogany maroon color, substance of flowers is almost leather like as is the case in Commander Koehl. It is without doubt an extra fine exhibition variety. Reaches a height of five feet with six to seven large blooms of six inches diameter, open at a time. **\$50.00 per 100**

### ART COLOR

**BAGDAD**—Here is a beautiful Glad. Color smoky old rose deeper to edge of petals and lighter in throat, no streaks whatsoever; 5 to 7 immense blossoms open at one time on a tall, straight spike. Stands terrific heat extra well. **\$20.00 per 100**

**MARMORA\***—A beauty from Australia; a wonderful shade of gray with a purplish blotch, large flowers and many open; must be seen to be appreciated. **\$8.00 per 100**

**MOTHER MACHREE**—Beautiful coloring of lavender with orange, subdued with neutral gray—the color of clouds just as sun has set. This is a glad you will never forget. **\$10.00 per 100**

**OUR SELECTION**—Another exhibition variety from Australia. Salmon-red flecked with deeper shade; lower petals carry a blotch of cerise; a very interesting color; 8 to 10 blossoms open at one time on a straight spike. **\$8.00 per 100**

### PRIMULINUS HYBRIDS

**APRICOT GLOW\***—Clear apricot. Tall, graceful flower; flowers well placed on a willowy stem. Excellent for baskets or tall vases. This was one of the many varieties we displayed at the N. A. G. Convention in the Garden City Hotel, Garden City, L. I. **\$5.00 per 100**

**BELLE BLANCHE**—Purest snow white without any marking whatsoever, almost a grandiflora, shows its primulinus blood in the arrangement of the flowers on the spike. Very tall grower, many flowers open at a time. A prize winner without a doubt. **\$12.00 per 100**

**BETTY CO-ED**—Here is the pink Prim everyone has been waiting for. Blossoms of soft creamy pink with cream throat, 6 to 8 open at one time; a most pleasing shade; tall, graceful and exceptionally decorative. **\$10.00 per 100**

**GLORIANA**—Golden salmon, one of the most beautiful colors ever seen in Gladiolus. Tall slender spike, many blossoms open, truly an exhibition variety. **\$5.00 per 100**

**GOLDEN FRILLS\***—Tall, heavily ruffled deep yellow with a flame feather in throat; very dainty. Goes extra well with WHITE BUTTERFLY for table decorations. **\$5.00 per 100**

**LA PALOMA\***—You will grow this one eventually, why not now? Color is the nearest approach to a true orange possible; many beautifully shaped flowers open on a tall graceful stem. **\$8.50 per 100**

**RAPTURE**—Another fine Glad by the originator of PICARDY. Fine medium light salmon with creamy yellow blotch. Tall, straight grower, with 5 to 7 perfectly placed blossoms open at one time. An exhibition variety. **\$30.00 per 100**

**RIDEAU**—Unusual and attractive smoky salmon shade; 6 to 8 blossoms open at one time. Spike about 4 feet tall. **\$15.00 per 100**

AFLAME

**AFLAME\***—Bright orange flame, flowers 6 inches across. Tallest and finest in its class; here to stay. When you see it you will regret not having ordered more. Extra good for greenhouse. Note the three perfect spikes in illustration. **\$8.00 per 100**

**SPRAY OF GOLD**—Deep clear yellow with waved petals, tall and graceful. A Canadian origination that will be grown in quantities when better known.

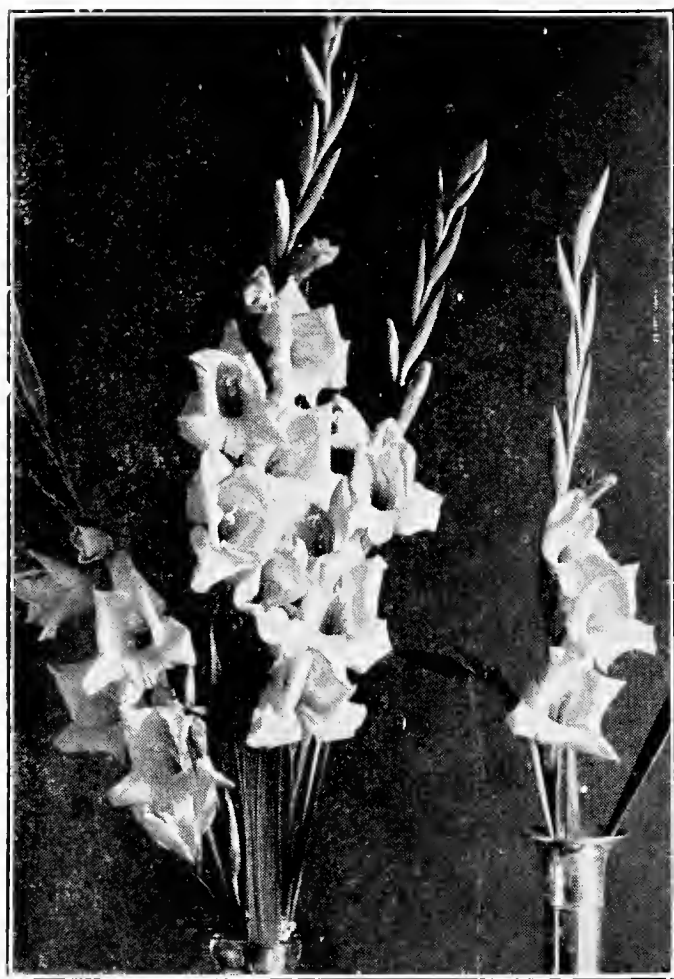

\$15.00 per 100

**SUNSHINE GIRL**—A clear pink with lovely yellow throat. Tall grower, six to seven beautifully ruffled blossoms open at once. A variety we recommend highly for greenhouse growing.

\$10.00 per 100

**THE ORCHID**—A beautiful orchid colored prim, edged lacinated and ruffled, a very graceful spike.

\$5.00 per 100

**GOLD EAGLE**

**GOLD EAGLE\***—Deep, clear yellow. Very valuable as an early variety. Very decorative, flowers perfectly placed on tall stem, far superior to Souvenir. This illustration shows some of the good points; note how the blossoms are arranged. No crooked and naked stems as is the great fault of Souvenir. Try this in your greenhouse bench or plant some for early outside blooms.

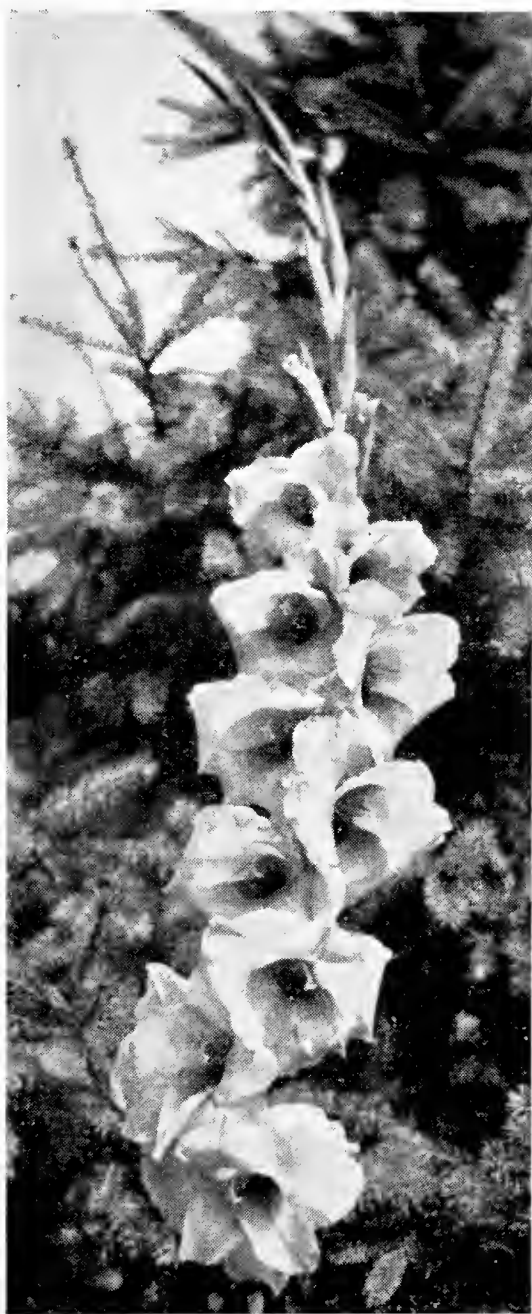

\$5.00 per 100

**SALMON GLOW**—Perhaps one of the earliest Glads to bloom. The flowers are golden salmon with a throat blotch of rich daffodil yellow. A tall graceful stem. A very beautiful and showy Glad.

\$6.00 per 100

**WASAGA**—Another beauty from Canada. Color a pure apricot with more yellow than pink in its composition, a solid color way into the throat. Florets are flat and plain petaled except for the wonderfully even frilling at the extreme edge, which is one of the finest features of this flower. Wasaga is not a large Glad, but it is one of the most beautiful ever seen and has about it an air of perfection. We suggest you try a few.

\$35.00 per 100

**PICARDY**

**PICARDY\***—Color soft shrimp blended with apricot; a six-foot Glad with 10 blossoms open at once. When offering this variety last season we recommended it highly and all who tried it regretted they did not have more. A vase of this variety exhibited by one of our clients at the Southampton, L. I., Flower Show was awarded the Most Meritorious Exhibit. Better order this one early as stock will sell fast this year.

**\$15.00 per 100**

**VANITY**—A lovely pale pink. Very tall graceful stems, easily grown five feet, wonderful for decorating.

**\$6.00 per 100**

**WHITE BUTTERFLY\***—First class all white Prim. Tall, slender stem, flowers well placed; for baskets and wedding bouquets it cannot be beaten. Unexcelled for table decorations.

**\$4.00 per 100**

## MONTBRETIAS

These dainty blooms which are attracting more attention yearly, have become indispensable for centerpiece decorations. We are confident that we have included in our list the finest varieties that are on the market at the present time. Plant them in groups along the border or grow a bed of them for their decorative value.

**CROCOSMEAFLORE**—Large apricot, shading to deep orange. One of the finest Montbretias, yet moderate in price. \$4.00 per 100

**ELEGANS**—Deep orange, medium sized flowers. A free flowering variety. \$5.00 per 100

**FIRE KING**—Large glowing scarlet-red. \$5.00 per 100

**GEORGE DAVISON**—Pale orange-yellow, tinted with deeper orange externally. Award of Merit. Very large flowers on three-foot stems. \$7.00 per 100

**GOLD FINCH**—This variety produces a branching head of flowers, bright yellow with small maroon blotches at center, outer petals heavily shaded brilliant cherry-scarlet; very decorative. \$12.00 per 100

**HEREWARD**—Late, large flowering yellow, shaded orange on outside. \$7.00 per 100

**HIS MAJESTY**—Very large, wide open flowers. Rich yellow center shading to scarlet. The last word in Montbretias. \$15.00 per 100

**JAMES COEY**—Flowers very large and open, of perfect form with smooth broad petals, rich deep vermillion-scarlet with golden-orange luster, center yellow with crimson blotches; very handsome. \$12.00 per 100

**JOAN OF ARC**—Flowers very large, broad-petaled and smooth, glowing deep golden color, with slight crimson markings in center, reverse of petals flushed orange. \$20.00 per 100

**KING EDMUND**—Rich golden yellow, deeper externally and chocolate spotted at the throat. A sturdy, vigorous plant. \$7.00 per 100

**LADY HAMILTON**—Yellow suffusing with a rich color until it becomes apricot. The flowers are more trumpet shaped than other varieties and peculiarly graceful. \$8.00 per 100

**LORD NELSON**—Deepest in color, purple stems and crimson-scarlet flowers of fine substance, size and finish. \$8.00 per 100

**LEMON QUEEN**—Color creamy yellow, pale center and deep orange buds, a very attractive flower of great decorative value. \$8.00 per 100

**NIMBUS**—One of the most distinct in its class. Flowers golden with a distinct crimson ring around the base. \$12.00 per 100

**POCAHONTAS**—Rich copper color with orange center, flowers large. \$12.00 per 100

**PRINCESS**—Brilliant ruby-scarlet flowers of fair size, yellow center with small crimson blotches; very effective. \$12.00 per 100

**QUEEN ALEXANDRA**—Flowers large and beautiful, chrome-yellow with carmine blotch at base of petals, late flowering. **\$12.00 per 100**

**QUEEN CHARLOTTE**—Of free branching habit, flowers orange-scarlet, center shading to primrose with ruby markings. **\$20.00 per 100**

**QUEEN OF SPAIN**—Flowers of large size, brilliant deep golden orange, reverse of petals golden apricot with small crimson and purple calyx, very brilliant and effective. **\$12.00 per 100**

**STAR OF THE EAST**—First Class Certificate; Award of Merit. One of the finest Montbretias ever raised; flowers pale orange-yellow, with lemon-yellow eye, expanding quite flat and held erect. The size, vigor, color and habit are magnificent and unequalled. **\$20.00 per 100**

## DAHLIAS

While the following list of Dahlias is not large it contains many of the old standbys together with the best of the recent introductions. As very few of the new introductions amount to much after several years, we hesitate to list them without some discretion. *All stock offered is guaranteed true to name and disease free.*
